

Newsletter N°1 - 01/ 2020

We are delighted to give you the latest news about the ALIC-Trial!

Highlights

- 45 participating centres from 19 countries! And currently further 33 centres expressing interest to participate!
- First patients recruited in Greece, congratulations Dr Evangelia Samara from the Tzaneio General Hospital of Piraeus!

Top centre enroller:

France with 23 centres, incredible work Prof Lasocki!

eCRF:

The eCRF Red Cap is planned to be ready in the upcoming weeks

Updates on our homepage

- Overview of participating centres
- Contacts of national coordinators
- Currently recruiting hospitals will be highlighted in the "News" section www.alice-trial.com

Important information

- Please inform the ALICE-Study-Group at least 1 week before enrolment of the first patient
- We would like to encourage the national coordinators to advertise ALICE and recruit additional centres

On behalf of the steering committee we would like to thank everyone of you for your commitment and outstanding work ethic!

We are looking forward to a good collaboration with all of you!
