

Newsletter N°2 - 03/ 2020

We are delighted to give you the latest news about the ALICE-Trial!

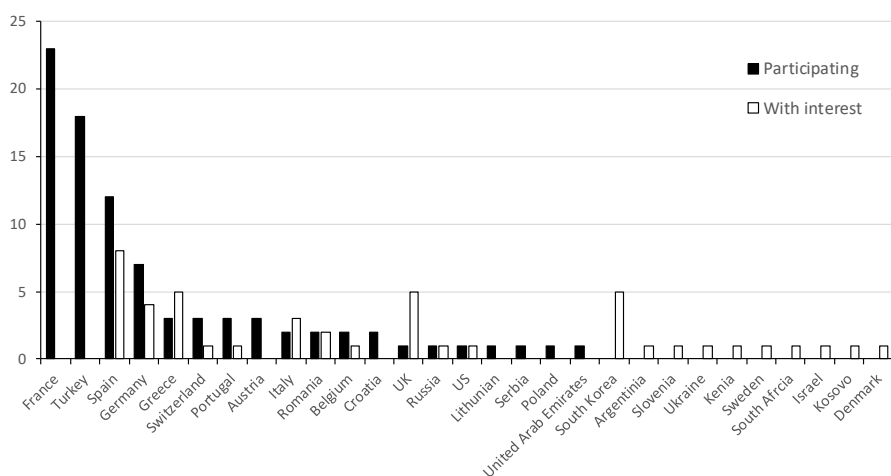

Highlights

▪ **WE HOPE YOU ARE ALL SAFE!**

Due to the Corona-crisis we are extending the study period. Last patient in: 01.08.2021

▪ **Take your time**

- Meanwhile, 87 participating centres from 26 countries! And currently further 46 centres expressing interest to participate
- 6 centres recruited 273 patients

WFSA

Prof Baron and Prof Markstaller from the Medical University Vienna enabled promotion of ALICE by the “World Federation of Societies of Anaesthesiologists” (WFSA). Thank you!

National coordinator

We would like to express our deep gratitude for the incredible support of Prof Theodoraki from Aretaieion University Hospital (Athens) and Prof Yildirim from Ankara University Faculty of Medicine (Ankara)

Important information

Please inform the ALICE-Study-Group at least 1 week before enrolment of the first patient

eCRF

The eCRF Red Cap is ready, however some contractual issues need to be solved before we enable each centre access. Alternatively, you can send us the filled CRFs and we will transfer the data for you into our database
