

Newsletter N°3 - 06/ 2020

We are delighted to give you the latest news about the ALICE-Trial!

Highlights

- **WE HOPE YOU ARE ALL SAFE!**
- **Thank you very much for all your support!**
- Our ethics committee approved the extension of the study period: **last patient in 01.08.2021**

National coordinators

We would like to express our deep gratitude for the incredible support of Dr Sandra Giannone from Bologna. The National Society of Anesthesia (SIAARTI) promoted ALICE on newsletters and websites. Thank you very much!!!

Furthermore, we would also like to acknowledge Prof Dr Dr Tae-Yop Kim from Seoul for promoting and recruiting sites in Korea.

eCRF

We are very sorry for the delay regarding the eCRF. However, we have got good news!

The eCRF is ready for use. Please send us the following information from each site:

First + last name and Email-Address of study coordinator, study assistant and/or study nurse/student. For example:

Site: University Hospital Frankfurt

PI: Prof Patrick Meybohm/Kai Zacharowski

Study assistant: Dr Suma Choorapoikayil

Study nurse/student: Leonie Judd

Important information

Prof Dr Patrick Meybohm left the University Hospital Frankfurt to become the head of the anaesthetic department at the University Hospital Wuerzburg. Because ALICE is located in Frankfurt, Prof Dr Dr Kai Zacharowski is the principal investigator with support from Prof Dr Patrick Meybohm from now on.
