

Newsletter N°6 - 06/ 2021

We are delighted to give you the latest news about the ALICE-Trial!

Highlights

The final phase of patient recruitment has started. We are very excited and hope that many hospitals have the possibility to recruit patients until August 2021.

Summary:

Since March 2021, 8 hospitals recruited patients and we are looking forward to receive an update about the numbers of recruited patients:

- Dr Pérez de Arriba from the Hospital Universitario Central de Asturias - Spain
- Dr Basaro from the Hospital Clinic Barcelona - Spain
- Dr Filipescu from the Emergency Institute of Cardiovascular Disease - Romania
- Dr Órfão from the University Hospital Center and Biomedical Coimbra - Portugal
- Dr Bisbe from the Hospital del MAR - Spain
- Dr Stefanov from Cleveland Clinic Abu Dhabi - United Emirates
- Dr Lasocki from CHU Angers - France
- Dr Moreau from the Centre Hospitalier DAX - France

Data Cleaning:

Mrs Lara Beladdale from Strasbourg joined our team in Frankfurt recently and will start with data cleaning. She will contact you in case of missing or unclear values in the eCRF database.

Note, that no IDs of patients should be entered to the database. Please delete all entered IDs.

If you have any questions regarding data entry do not hesitate to contact us:

Alice@kqu.de

Flow Chart & Basic Data:

We kindly ask all centers to return the filled the flow chart (PPT file) and documents with basic information about your hospital (Word file). Please contact us if you did not receive these documents yet.

Study Recruitment:

In total 38 hospitals recruited patients, of which 27 hospitals provided data: 1282 patients were scheduled for surgery of which 908 patients were included in our trial. FURTHER 54 trial sites agreed to recruit patients within the next months This is amazing!!!

Thank you very much for your continuous support!

We are very excited about the outcome of this study.

With best wishes from the steering committee.
